

# MAKE WAY for the play-by-play

## Hussey's Video Platform sets the stage for success.

Picture this: a modular platform that safely extends the use of your gym bleachers. Perfect for videotaping, photography, radio broadcasting or team talent scouting, the Hussey Video Platform creates a workable space for covering all the action. Or, the platform can become exclusive box seating for visiting VIPs.

In each case, you gain a stable, secure area with a great view of the court. And the optional rail sleeves can be customized to promote school spirit or generate revenue.

Adding flexibility and value to your gymnasium has never been easier or more cost-effective. Installation is quick and the platform works safely with any telescopic bleacher, new or old.

- Platforms are available in semi-permanent (wall-mounted) or fully portable models.
- With the semi-permanent model, bleachers remain fully functional with the platform in place, opening and closing completely.
- Platforms are modular and expandable to fit different applications and meet changing needs over time.

Solid, durable and affordable, the Hussey Video Platform is backed by Hussey's 5-year warranty -- the best in the business.

# The HUSSEY Video Platform is picture-perfect for maximizing your seating investment.

Video platforms are available in semi-permanent (wall-mounted) or fully portable models.

Optional rail sleeves can be customized to promote school spirit or generate revenue.

The semi-permanent model leaves the bleachers fully functional with the platform in place, opening and closing completely.

The portable model can be easily disassembled and removed to operate your bleacher.

Hussey's Video Platform creates a workable space for covering all the action. It's perfect for videotaping, photography, radio broadcasting or team talent scouting. Since it delivers the best view of the action, it can even become exclusive box seating for visiting VIPs.

Set-up and break down of the portable model is quick and easy

Transport and storage of your portable model is made easy with our affordable transport dolly accessory.
