

fusion

A winning combination of the best in stadium seating!

Fusion teams the strengths of the popular Olympiad and Medallion seats.

The invincible strength of the Olympiad. The style and comfort of the Medallion. Fusion combines the best of both for unrivaled performance and value. Talk about tough—Fusion stands up to the elements and the rigors of a demanding sports & entertainment venue. It's comfortable, too! Fusion is contoured for ergonomic support to improve the spectator experience. And with contemporary lines and a smooth, polished surface, the seat looks as good as it feels. New advancements make Fusion even better than the sum of its parts.

- Sturdy solid cast aluminum stanchions are rust-proof and remain cool to the touch, even under a hot sun.
- Ductile cast iron hinge arms and threaded steel metal-to-metal fasteners add durability.
- For extra comfort and style, the seat features no exposed hardware and the through bolts on the back are recessed.
- Choose from a wide range of standard or custom colors to complement your stadium and team colors.
- For greater flexibility, we offer a complete line of accessories and custom options.

And Fusion is backed by the industry's best warranty.

When performance merges with comfort and style, value is the result.
